## Improving Life Through *Recovery*

*Gulf Bend began with a vision... one place that would offer comprehensive mental health and intellectual & developmental disability services for all the people of our region. And as you know, when a Texan puts their mind to something, great things are going to happen. With that vision, the community came together to make Gulf Bend a reality, a unique organization not only in the state of Texas, but in the entire country: a non-profit, comprehensive mental health facility managed locally to meet the needs of the community it serves.*

*Fifty-one years later, we are excited to take the next step forward as we continue to change and improve our intake and services environment to offer our customers a level of care unlike anything this community has ever seen.*

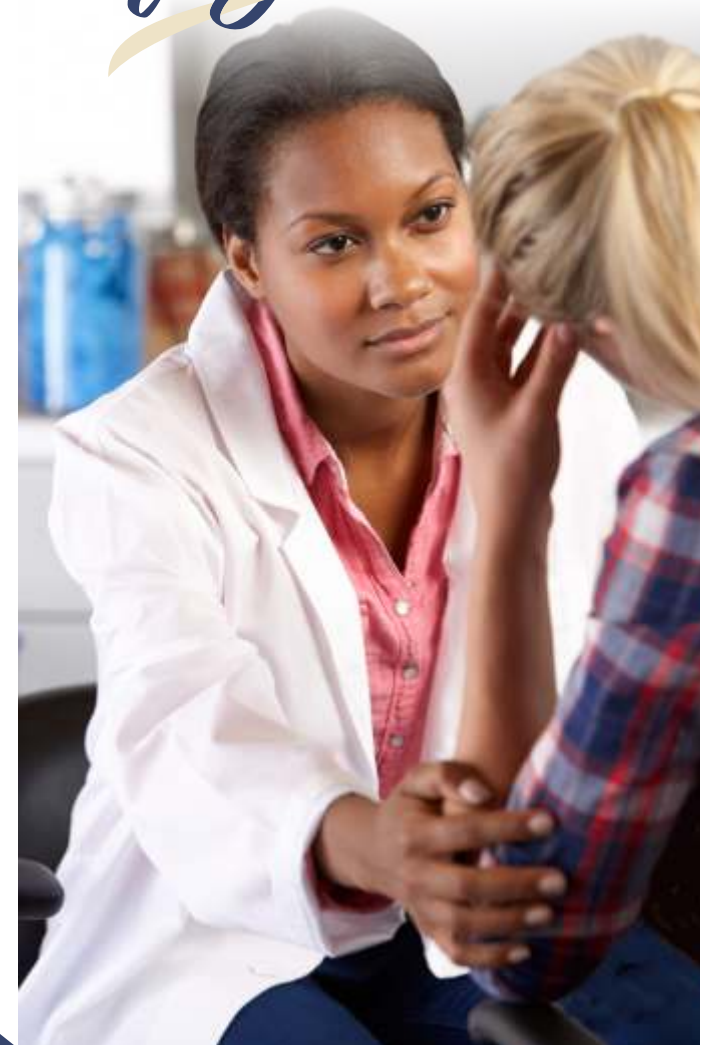

*Gulf Bend Center is now recognized as a Certified Community Behavioral Health Clinic by the State of Texas. This new certification enables Centers to provide a comprehensive range of mental health and substance use disorder services to individuals.*

Building a  
Healthy Community

*Together*

*We have changed the intake process by streamlining the system and offering services based on need. We have also expanded our services to address a wider array of mental health conditions. We are making mental health care more accessible by offering transportation services in the seven-counties we serve plus the use of technology to help meet our customer's needs.*

## A New Way to *Serve*

*At last, a mental health and  
IDD facility focusing on  
patient-centered care right  
here in our region!*

- On-Site Pharmacy with Drive Thru
- Medication Pick-Up
- Transportation Services
- Adult Lobby
- Children's Lobby
- Centralized Intake and Clinic
- Consolidated Office Space
- Flexible Employee Workstations
